- 8.6 The providing Participant, at its expense, will deliver the Equipment and Material to the receiving Participant at a mutually determined location. Possession and responsibility for the Equipment and Material will pass from the providing Participant to the receiving Participant at the time of receipt of the Equipment and Material. Any further transportation is the responsibility of the receiving Participant.
- 8.7 All Equipment and Material that is transferred will be used by the receiving Participant only for the purposes of carrying out this MOU and the applicable PA or E&MTA, unless otherwise consented to in writing by the providing Participant. In addition, in accordance with Section XIII (THIRD PARTY SALES AND TRANSFERS), Equipment and Material will not be retransferred to a Third Party without the prior written consent of the providing Participant.
- 8.8 The providing Participant will transfer the Equipment and Material for the mutually determined transfer period. The transfer period may be extended by written mutual consent of the Participants provided that the duration of the transfer period will not exceed the effective period of the PA or E&MTA.
- 8.9 The providing Participant will furnish the receiving Participant such Information as is necessary to enable the Equipment and Material to be used. If the Participants mutually determine that specific training is required for use of Equipment and Material, they will mutually determine the appropriate arrangements for the provision of such training.
- 8.10 The receiving Participant will inspect and inventory the Equipment and Material upon receipt. The receiving Participant will also inspect and inventory the Equipment and Material prior to its return (unless the Equipment and Material are to be expended or consumed).
- 8.11 Upon expiration or termination of the transfer period specified in the PA or the E&MTA (taking into account any extension), the receiving Participant will return the Equipment and Material, at its expense, to the providing Participant at a location mutually determined. Possession and responsibility for the Equipment and Material will pass from the receiving Participant to the providing Participant at the time of its receipt. Any further transportation is the responsibility of the providing Participant.
- 8.12 The receiving Participant will provide written notice of consumption or expenditure of Equipment and Material approved for such consumption or expenditure. In the event the intended consumption or expenditure does not occur, the receiving Participant will, unless otherwise determined by the providing Participant, return the Equipment and Material, at its expense, to the providing Participant to the location mutually determined in the PA or E&MTA. Any further transportation is the responsibility of the providing Participant.

- 8.13 The Participants will ensure, by all reasonable means, the protection of Intellectual Property Rights in Equipment and Material.
- 8.14 Equipment and Material transferred to one Participant under an E&MTA or under a PA will be returned to the providing Participant prior to the termination or expiration of this MOU.
- 8.15 Each Participant waives all claims against the other Participant for damage to or loss of jointly acquired Equipment and Material arising from the performance of official duties. However, if the Participants mutually decide to repair damaged jointly acquired Equipment and Material in order to complete a PA, the cost of such repair will be shared in a manner that results in sharing the total costs of the PA in the proportions established for the Participants' contributions under the PA. In any case, if the Participants mutually determine that damage or loss is caused by reckless acts, reckless omission, willful misconduct or gross negligence of one of the Participants, the costs of any liability, including the cost of repairs, will be borne by that Participant
- 8.16 Any Equipment and Material that is jointly acquired on behalf of both Participants for use in a PA will be disposed of during the PA, or when the PA expires or is terminated, as approved or directed by the SC. Jointly acquired Equipment and Material will remain the property of both Participants in the same ratio as Financial Costs and Non-Financial Costs are shared in the PA under which it is acquired. The Participant who has custody of the jointly acquired Equipment and Material will maintain such jointly acquired Equipment and Material in good order and operable condition, normal wear and tear excepted, unless the Participants have mutually determined in writing that it may be expended or otherwise consumed by that Participant in connection with this MOU and applicable PA. If jointly acquired Equipment and Material are damaged or lost while in custody of a Participant, the provisions of this Section will apply. Where a person or entity, other than the Participants (including their personnel), damages jointly acquired Equipment and Material, and the cost of making good such damage is not recoverable from such person or entity, the Participants will share such costs in the same ratios as the financial contributions to the PA.
- 8.17 Disposal of jointly acquired Equipment and Material may include a transfer of the interest of one of the Participants in such Equipment and Material to the other Participant; the sale or transfer to a U.S. or AS entity; or, the sale or transfer of such Equipment and Material to a Third Party, in accordance with Section XIII (THIRD PARTY SALES AND TRANSFERS) of this MOU. The Participants will share the consideration from jointly acquired Equipment and Material transferred or sold to a Third Party, or other U.S. or AS entity in the same ratio as Financial Costs and Non-Financial Costs are shared in the relevant PA.

9.10.5 **Patent Applications.** A Participant having the right to hold title to an Invention may elect to file Patent applications or otherwise seek Patent protection thereon provided it so advises the other Participant of its intention to do so and the countries in which it intends to seek Patent protection within 60 days from the date it reports the Invention to the other Participant.

9.10.5.1 If a Participant initially elects to seek Patent protection, but later decides not to continue seeking Patent protection, or if a Participant decides not to share the costs of seeking Patent protection of a joint Invention, then the other Participant may elect (but is not required) to seek Patent protection on such Invention in those countries in which the Participant has not elected to seek Patent protection.

9.10.5.3 A Participant will not file or cause to be filed any Patent application outside the United States of America or Australia, or publish or cause to be published any such application or Patent thereon anywhere, without the other Participant's prior written consent where the application contains either:

The Participants will cooperate with each other in seeking Patent protection.

9.10.7 Maintenance Fees. The fees payable to a Patent office in order to maintain the Patent on an Invention will be paid by the Participant having title to the Patent or will be shared equally if title is held jointly by both Participants. If one Participant decides not to pay the required maintenance fees, it will immediately notify the other Participant, who may pay the maintenance fees if it desires to maintain the enforcement of the Patent. In this case, the Participant who has decided not to pay the maintenance fees will assign its rights to the other Participant.

9.10.8 Infringement. Each Participant will notify the other Participant of any Patent infringement claims made in its territory arising in the course of work performed under any PA of this MOU. Insofar as possible, the other Participant will provide information available to it that may assist in defending the claim. Each Participant will be responsible for handling all

Patent infringement claims made in its territory, and will consult with the other Participant during the handling, and prior to any settlement, of such claims. Unless the Participants otherwise mutually determine in writing, the costs of resolving Patent infringement claims will be handled as follows. The Participants will share in the costs of resolving Patent infringement claims in the same percentage as they share the full Financial Costs and Non-Financial Costs of the applicable PA. If the infringement claim does not arise under a PA, then the Participants will share in the costs of resolving Patent infringement claims equally. The Participants will, in accordance with their national laws and practices, give their authorization and consent for all use and manufacture in the course of work performed under this MOU or a PA of any Invention covered by a Patent issued by their respective countries.

access to Classified Information. If enforceable measures are not in effect to preclude access by nationals or other entities of a Third Party, the other Participant will be consulted for written approval prior to permitting such access.

- 12.9 For any facility wherein Classified Information is to be used, the responsible Participant or Contractor will approve the appointment of a person or persons to exercise effectively the responsibilities for safeguarding at such facility the Classified Information pertaining to this MOU. These officials will be responsible for limiting access to Classified Information involved in this MOU to those persons who have been properly approved for access and have a need to know.

Furthermore, neither Participant will permit any such sale, disclosure, or transfer, including by the owner of the item, without the prior written consent of the Government of the other Participant. Such consent will not be given unless the Government of the intended recipient consents in writing with the Participants that it will:
- 13.1.1** not retransfer, or permit the further retransfer of, any Equipment and Material or Information provided; and
  - 13.1.2** use, or permit the use of, the Equipment and Material or Information provided only for the purposes specified by the Participants.

The Participants will resolve the matter prior to any sale or other transfer of such Foreground Information (or any item produced either wholly or in part from the Foreground Information) to a Third Party.
- 13.4** The Participants will not sell, transfer title to, disclose, or transfer possession, grant, donate or transfer usage rights of Equipment and Material or Background Information provided by the other Participant to any Third Party without the prior written consent of the Government of the Participant that provided such Equipment and Material or Information. The providing Participant's Government will be

solely responsible for authorizing such transfers and, as applicable, specifying the method and provisions for implementing such transfers. For Project Equipment or Background Information that has been provided by a furnishing PA Participant to a receiving PA Participant, the Participants recognize that any sale, transfer of title to, disclosure of, or transfer of possession of such Project Equipment or Background Information by the receiving PA Participant to any non-Third Party will be in accordance with the applicable provisions of this MOU, including Section VII (CONTRACTING PROVISIONS), Section VIII (PROJECT EQUIPMENT) and Section IX (DISCLOSURE AND USE OF INFORMATION).

- 13.5 **Consent for Third Party sales and transfers of Foreground Information, jointly acquired or produced Equipment and Material, or any item produced either wholly or in part from Foreground Information will be subject to foreign policy, national security considerations, and national laws, regulations, and policies of the Governments of both Participants. A Participant's Government's written approval of the other Participant's Government's proposed sale or transfer to a Third Party will take into account their willingness to sell or transfer such Equipment and Material or Information to the same Third Party.**

### **COOPERATIVE PROJECT PERSONNEL (CPP)**

#### **ASSIGNMENT OF LAND FORCE CAPABILITY MODERNIZATION COOPERATIVE PROJECT PERSONNEL**

##### **1. Purpose and Scope:**

1.1 This Annex establishes the provisions that will govern the conduct of Cooperative Project Personnel (CPP). The Parent Participant will assign military members or civilian employees to the Joint Project Office (JPO) or other office or facility in accordance with Section IV (MANAGEMENT) and this Annex. CPP will be able to perform all the responsibilities assigned to them under this MOU and the relevant PA. Commencement of assignments will be subject to any requirements that may be imposed by the Host Participant or its Government regarding acceptance of CPP, such as, but not limited to, visas and visit request documentation. The Participants will mutually determine the length of tour for the positions at the time of initial assignment.

1.2 CPP will be assigned to a JPO or other office or facility for PA work and will report to their designated supervisor regarding that work. The POs will be responsible for the creation of a document describing the duties of each CPP position, which will be subject to approval by the SC. CPP will not act as liaison officers on behalf of the Parent Participant. CPP may act from time to time on behalf of their respective SC member if the latter so authorizes in writing.

1.3 CPP will not be assigned to command or other positions that would require them to exercise responsibilities that are reserved by law or regulation to an officer or employee of the Host Participant's Government.

##### **2.0 Security:**

2.1 The Participants will ensure CPP have the minimum level of security clearance required, if any, to permit them to have access to Classified Information and facilities in which Classified Information is used in accordance with the Project Security Instruction (PSI) and Classification Guide (CG). Access to Classified Information and facilities in which Classified Information is used will be consistent with, and limited by, Section II (OBJECTIVES) and Section III (SCOPE OF WORK) of this MOU and will be kept to the minimum required to accomplish the work assignments.

2.2 The Parent Participant will file visit requests for the CPP through prescribed channels in compliance with the Host Participant's procedures. As part of the visit request procedures, the Parent Participant will cause security assurances to be filed,

through the Parent Government's embassy located in the Host Participant's country, specifying the security clearances for the CPP being assigned.

2.3 The Host Participant and Parent Participant will use their best efforts to ensure that CPP assigned to a JPO or other office or facility are aware of, and comply with, applicable laws and regulations as well as the requirements of Section IX (DISCLOSURE AND USE OF INFORMATION), Section X (CONTROLLED UNCLASSIFIED INFORMATION), Section XI (VISITS TO ESTABLISHMENTS), Section XII (SECURITY), and Section XVIII (ENTRY INTO EFFECT, AMENDMENT, DURATION AND TERMINATION) of this MOU and the provisions of the applicable PSI and CG. Prior to commencing assigned duties, CPP will, if required by the Host Government's laws, regulations, policies, or procedures, sign a certification concerning the conditions and responsibilities of CPP.

2.4 CPP will at all times be required to comply with the security and export control laws, regulations, and procedures of the Host Government. Any violation of security procedures by CPP during their assignment will be reported to the Parent Participant for appropriate action. CPP committing violations of security and export control laws, regulations, or procedures during their assignments may be withdrawn from the project with a view toward appropriate administrative or disciplinary action by the Parent Participant.

2.5 All Classified Information made available to CPP will be considered as Classified Information furnished to the Parent Participant, and will be subject to all provisions and safeguards provided for in Section XII (SECURITY), the PSI, and CG.

2.6 CPP will not have personal custody of Classified Information or Controlled Unclassified Information unless approved by the Host Participant and as authorized by the Parent Participant. They will be granted access to such Information in accordance with Section X (CONTROLLED UNCLASSIFIED INFORMATION), Section XII (SECURITY), and the PSI during normal duty hours at the JPO or other office or facility and when access is necessary to perform PA work.

2.7 CPP assigned to a JPO or other office or facility will not serve as a conduit between the Host Participant and Parent Participant for requests and/or transmission of Classified Information or Controlled Unclassified Information unless specifically authorized by the PSI.

### **3.0 Technical and Administrative Matters:**

3.1 Consistent with Host Government's laws and regulations, and subject to applicable multilateral or bilateral agreements or arrangements, CPP will be subject to the same restrictions, conditions, and privileges as Host Participant personnel of comparable rank and in comparable assignments. Further, to the extent authorized

by Host Government's laws and regulations, and any applicable multilateral or bilateral agreements or arrangements, CPP and their authorized dependents will be accorded:

- 3.1.1 exemption from any Host Government's tax upon income received from the Parent Participant; and
- 3.1.2 exemption from any Host Government's customs and import duties or similar charges levied on items entering the country for their official or personal use, including their baggage, household effects, and private motor vehicles.

3.2 On arrival, CPP will be provided briefings arranged by the JPO or other office or facility about applicable laws, orders, regulations, and customs and the need to comply with them. CPP will also be provided briefings arranged by the JPO or other office or facility regarding entitlements, privileges, and obligations such as:

- 3.2.1 Any medical and dental care that may be provided to CPP and their authorized dependents at Host Participant medical facilities, subject to the requirements of applicable laws, regulations, and any applicable multilateral or bilateral agreements or arrangements;
- 3.2.2 Purchasing and patronage privileges at military commissaries, exchanges, theaters, and clubs for CPP and their authorized dependents;
- 3.2.3 Subject to the requirements of applicable laws, regulations, and provision by any applicable multilateral or bilateral agreements or arrangements, the Host Participant will provide if available, housing and messing facilities for CPP and their authorized dependents on the same basis and priority as for its own personnel;
- 3.2.4 Paying messing and housing charges to the same extent as Host Participant personnel. At locations where facilities are not provided by the Host Participant for its own personnel or facilities are not available, the Parent Participant will make suitable arrangements for its CPP; and
- 3.2.5 Paying motor vehicle liability insurance coverage in accordance with the laws and regulations applicable in the area where they are residing. In case of claims involving the use of private motor vehicles by CPP, the recourse will be against such insurance.

3.3 The PO, through the JPO or other office or facility, will, in consultation with the CPP, establish standard operating procedures for CPP in the following areas:

- 3.3.1 Working hours, including holiday schedules;

- 3.3.2 Leave authorization, consistent to the extent possible with the military and civilian personnel regulations and practices of the Host Participant and Parent Participant;
- 3.3.3 Dress regulations, consistent to the extent possible with the military and civilian personnel regulations and practices of the Host Participant and Parent Participant;
- 3.3.4 Performance evaluations, recognizing that such evaluations will be rendered in accordance with the Parent Participant's military or civilian personnel regulations and practices; and
- 3.3.5 Wearing of a building or installation pass or badge. CPP will be required to wear in clear view, when required by security procedures, a U.S. DoD or similar building or installation pass or badge that clearly identifies CPP. CPP will not be provided nametags, codes or titles that could imply CPP are U.S. DoD persons.

3.4 CPP committing an offense under the laws of the Government of the Host Participant or Parent Participant may be withdrawn from the project with a view toward further administrative or disciplinary action by the Parent Participant. Disciplinary action, however, will not be taken by the Host Participant against CPP, nor will the CPP exercise disciplinary powers over the Host Participant's personnel. In accordance with Host Participant's Government laws and regulations, the Host Participant will assist the Parent Participant in carrying out investigations of offenses involving CPP.

3.5 During their assignment, CPP will not be placed in the following duty status or environments unless it is consented to in writing by the Parent Participant:

- 3.5.1 Areas of political sensitivity where their presence may jeopardize the interests of either the Host Participant or Parent Participant, or where, in the normal course of their duty, they may become involved in activities that may embarrass either Participant;
- 3.5.2 Deployments in non-direct hostility situations, such as UN peacekeeping or multi-national operations, or third countries; and
- 3.5.3 Duty assignments in which direct hostilities are likely. Should a JPO or other office or facility to which CPP are assigned become involved unexpectedly in hostilities, assigned CPP will not be involved in the hostilities. Any such CPP approved by the Parent Participant for involvement in hostilities will be given specific guidance as to the conditions under which the assignment will be carried out by the appropriate authorities of the Host Participant and Parent Participant.
